**Trace of deviance**

Density of deviance

N = 1000   Bandwidth = 1.492
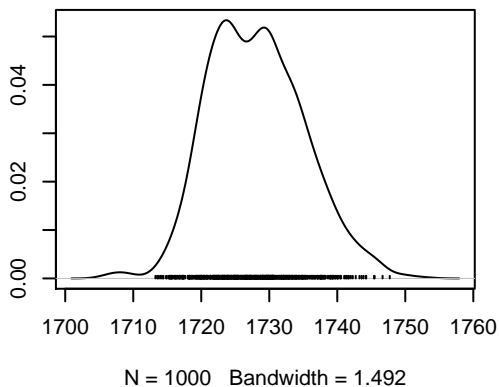

Trace of mean.eta

Density of mean.eta

N = 1000   Bandwidth = 0.001951
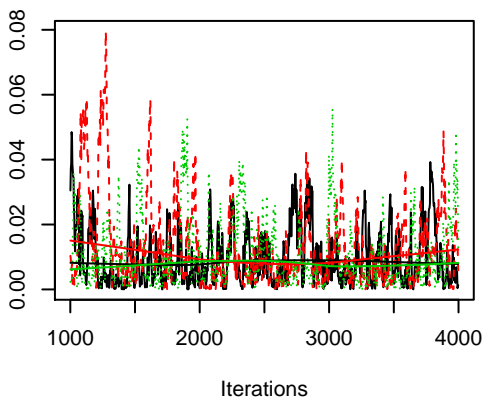

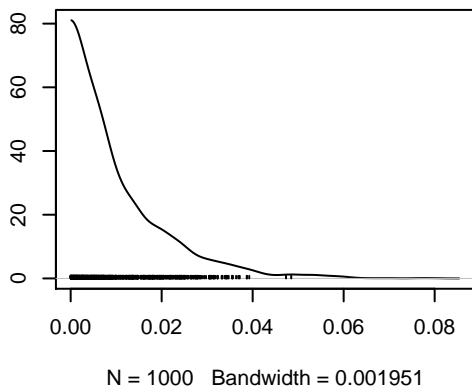

Trace of mean.p

Density of mean.p

N = 1000   Bandwidth = 0.001258
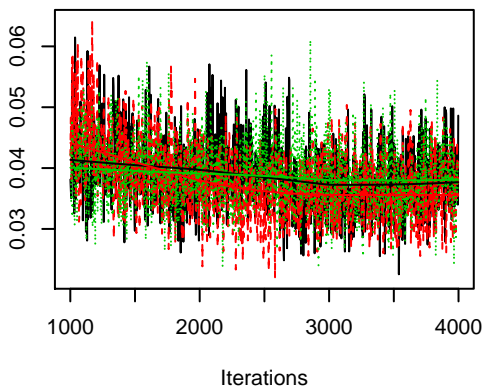

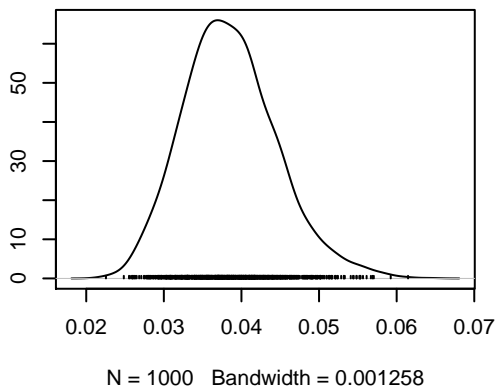

Trace of mean.r

Density of mean.r

N = 1000   Bandwidth = 0.00183
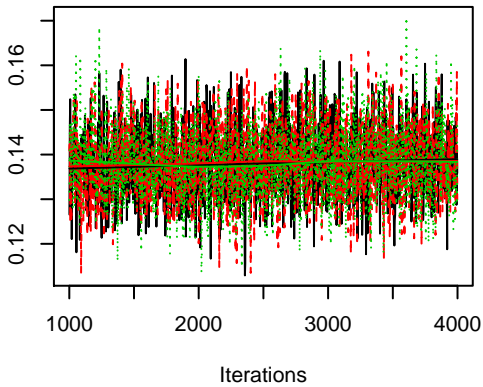

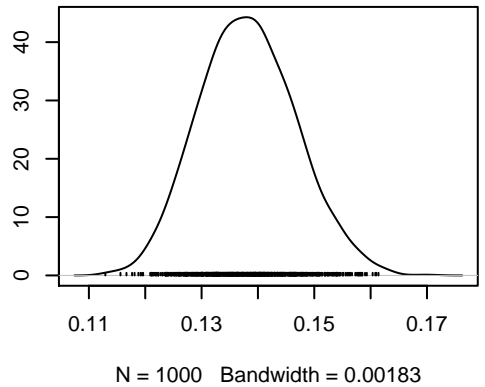

Trace of mean.s[1]

Density of mean.s[1]
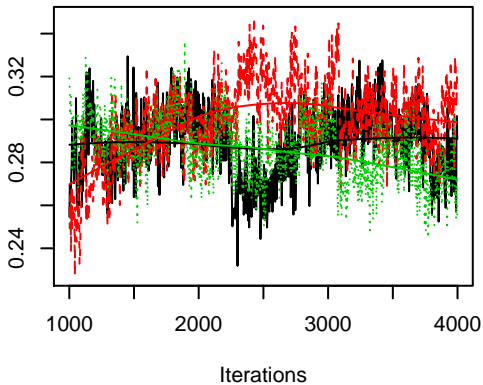

N = 1000   Bandwidth = 0.003641
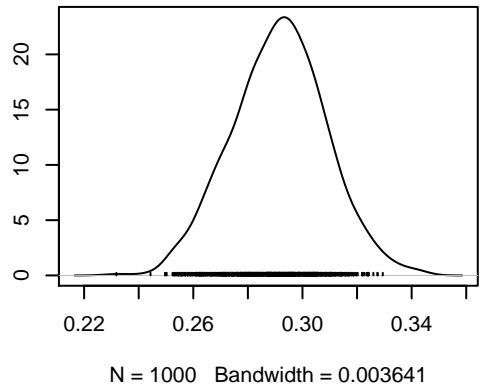

Trace of mean.s[2]

Density of mean.s[2]

N = 1000   Bandwidth = 0.004487
